

EXPERIENCING AN EATING DISORDER?

A R E S E A R C H S T U D Y

- Have you been diagnosed with an eating disorder?
- Were you treated in a hospital setting when you were between 13 to 18 years of age and are currently in recovery?
- Are you interested in sharing your experience to improve treatment practices and services?

Participation involves a confidential face-to-face, telephone, or video conference interview lasting up to 60 minutes.

This study will be conducted solely in English. Please note, this study is being conducted independently from the organizations and agencies from which participants may be recruited.
